

# GOLIATHON

---

CITIZEN INVESTIGATORS  
FOR JUSTICE & RECOVERY

*“Turning Survivors into Strategists.  
Evidence into Action.”*

---

Here's a 6-session workshop curriculum to train Mike and Robert as **Goliathon Citizen Investigators** — equipping them with the knowledge, tools, and mindset to expose financial wrongdoing and pursue justice and recovery.

---

### **Workshop Title:**

#### **GOLIATHON: Citizen Investigators for Justice & Recovery**

*“Turning Survivors into Strategists. Evidence into Action.”*

**Duration:** 6 sessions × 90 minutes

**Format:** Live Zoom sessions (recorded), with accompanying workbook and Notion templates

**Audience:** Survivors of financial exploitation, citizen investigators, peer supporters

**Outcome:** Competence in building a complete digital justice dossier and initiating recovery actions

---

### **SESSION OVERVIEW**

#### **SESSION 1: The Justice Mindset & AI as Your Co-Pilot**

**Theme:** From Victim to Victor

**Objective:** Build identity, confidence and foundational skills as a justice-seeking investigator

##### **Topics Covered:**

- Introduction to the Goliathon Framework: You vs. the System
- Understanding the “Justice & Recovery” roadmap
- Overview of systemic abuse in financial services (e.g. Lloyds, QROPS, BSUs)
- Why AI is a gamechanger for citizen investigators
- Setting up **ChatGPT Pro** for your case (browser, memory, prompts)
- How to ask the right questions & refine your AI co-pilot

##### **Activity:**

Participants test-drive ChatGPT with basic prompts relevant to their case

##### **Workbook Focus:**

Personal goals, initial case reflection, “why I fight”

---

#### **SESSION 2: Mastering the Dossier – Notion as Your Evidence Engine**

**Theme:** Building Your Digital Fortress

**Objective:** Create a Notion-powered evidence hub that is press-, court-, and MP-ready

##### **Topics Covered:**

- Why evidence presentation wins: The art of the timeline and file note
- Setting up your **Notion workspace**: case template walkthrough
- Uploading and tagging documents (PDFs, images, transcripts, letters)

- Creating linked databases for correspondence, chronology, and legal basis
- Using Notion's AI for summarisation and tagging

**Activity:**

Participants build their first 3 file notes with ChatGPT-generated summaries

**Workbook Focus:**

Folder structure diagram, file-note best practices, "What Makes Good Evidence?"

---

### **SESSION 3: Writing for Redress – Letters That Cannot Be Ignored**

**Theme:** Words as Weapons

**Objective:** Learn to draft compelling, accurate, and strategic correspondence

**Topics Covered:**

- Letter types: Complaints, FOIs, SARs, MP letters, escalation notices
- Tone, structure, legal precision: how to write with impact
- Using ChatGPT to draft and redraft letters
- Building persuasive arguments with embedded evidence

**Activity:**

Generate a complaint letter and a Subject Access Request from evidence

**Workbook Focus:**

Template bank of letters, escalation ladder

---

### **SESSION 4: Evaluating Responses & Legal Options**

**Theme:** Reading Between the Lies

**Objective:** Understand how to decode replies, rebut spin, and identify legal breaches

**Topics Covered:**

- Spotting obfuscation, deflection, gaslighting & "time-bar" tricks
- Using ChatGPT for linguistic analysis and rebuttal drafting
- Exploring legal avenues: Civil vs criminal, FOS, PHSO, CPS, ADR, class action
- Introducing landmark cases and precedents (e.g. Masterton, Turner, Post Office)

**Activity:**

Participants evaluate a real bank or ombudsman response together

**Workbook Focus:**

Checklist of red flags in institutional responses; decision-tree for escalation

---

### **SESSION 5: Escalation, Exposure & Strategic Pressure**

**Theme:** From Silence to Spotlight

**Objective:** Learn how to raise the stakes strategically — and ethically

**Topics Covered:**

- When & how to go public (media, social, Parliament)
- Evidence bundles for journalists, MPs, regulators
- Getting MPs to act: petitions, parliamentary questions, and constituent rights
- Working with aligned movements (e.g. TTF, Get SAFE, Rebuild & Thrive)

**Activity:**

Draft a LinkedIn or press summary for your case using ChatGPT

**Workbook Focus:**

Media engagement plan, redress escalation chart

---

## SESSION 6: Justice & Recovery as a Movement

**Theme:** From Personal Fight to Public Force

**Objective:** Position each investigator as a changemaker in the new financial paradigm

**Topics Covered:**

- Personal recovery: From trauma to advocacy
- Helping others: becoming a peer mentor or guide
- Financial healing: building a future after injustice
- The Age of Aquarius: systemic reform through decentralised action
- Packaging your case for inclusion in a national campaign or class action

**Activity:**

Group reflection & project planning for “what’s next”

**Workbook Focus:**

My Justice & Recovery Plan; Peer Support Map; Contribution to the Movement

---

### Deliverables:

-  A complete **Notion case dossier** with file notes, timeline, and letter bank
  -  A set of **AI-powered letter templates**
  -  A downloadable **90-page workbook**
  -  9 hours of recorded video training
  -  A reusable **citizen investigator’s playbook** for others to follow
  -  Confidence to escalate and push for redress — alone or with allies
-
